CHAIRMAN'S CORNER

A waterlogged pitch prevented the game taking place on January 14 and when the water turned to ice it was a frozen surface that caused the game's postponement one week later.

No consolation for me of course as I found myself racking up the air miles between Spain and England so I could be sure to be at the Keech Hospice Care Stadium to watch our side compete in the last 32 of this prestigious FA competition for the first time in our history.

Hugely frustrating and yet another reminder of just how desperately we need to build all weather pitches for all sports clubs in our community.

But as annoying - and costly - as it was for me, my pain was nothing compared to that of all those volunteers who, on both previous occasions, spent days trying to do everything they could to ensure that the match could take place, ultimately to no avail.

In the best possible scenario it takes at least four or five dedicated volunteers to ensure that matches can take place. It is never a case, as some apparently believe, of just turning up 2.30 ready to enjoy a game.

Food has to be bought and prepared for the teams on match day; if there has been a game midweek then kit has to be washed; the changing rooms and the clubhouse have to be pristine, the bar has to be re-stocked and that's before we even begin to look at the state of the playing surface and the rolling and then marking of the pitch.

Add to this the vagaries of the English weather as happened over the past two weeks then the issues facing our volunteers as they battle against time and the elements are multiplied. At least two days were spent trying to beg and borrow covering from wherever we could to keep the frost at bay and ensure that the match could be played last weekend. Ultimately we failed although it wasn't for the lack of trying nor for the lack of support we received from the ground staff at Cranfield United who loaned us covering for our pitch.

And when a decision has to be made about whether or not a game will be played people should understand that if a match has to be postponed it is never, ever, for the want of doing everything humanly possible to try to ensure that it can take place.

And as we sit back and enjoy the match, we should all remember that it is solely due to the sterling efforts of our volunteers without whose contributions we simply could not function. I salute you all!

The Midland Football League side proved too strong for Cristian Colas's men, who can nevertheless be proud of their efforts in reaching round four.

After the visitors led 2-0 at half-time and then doubled their lead early in the second-half, Conor Inskip's fine effort reduced the arrears

before a fifth Sphinx goal wrapped things up late on.

But while Colas was disappointed with the result, he was proud of his players.

He said after the game: "I'm disappointed because we were so far from the version of ourselves and played poorly against the best team I think we've played so far in all the competitions.

"I think also when we conceded the second goal just before half-time it broke some minds inside for the players because of the way the game was going.

"But this is the first time the club has got this far and we've done it with the same squad, so I can have only good words for each one of them as they made history for the club.

"So we should be happy and proud but today was a slap in the face and we have to realise we've won nothing before and nothing yet and have three competitions left. We've shown ourselves we can fight for all three of them so that's what we have to now do.

"The players are sad and know they could have done a lot better and as I say, despite being proud of the side I am not happy with how they did today."

United, who are tenth in the league but with games in hand, go to Colney Heath in the league on Saturday before welcoming a Luton Town side in the Bedfordshire Senior Challenge Cup next Tuesday night.

STORY OF OUR CLUB

Biggleswade United Football Club was re-formed on the 16th July 1959. However, local history records indicate that there was a Biggleswade United side playing at Second Meadow as early as 1929. Our first season (1959/60) saw us competing in Division Three of the North Herts. League (NHL). After 10 successful years in the NHL the club made the step up to South Midlands League (SML) football. But towards the end of a 15-year association with the SML the club began to struggle and after three years of finishing in the bottom three of Division One we sought fresh fields. The club joined the Herts. Senior but club continued to find the going tough. In 1986 we elected to return to local League football, joining the Bedford and District Football League and began to build again.

The appointment of Brian Swords as first team manager in 87/88 proved to be the turning point in the club's fortunes. During the next ten years the club achieved a tremendous amount of success on and off the football pitch. Our record of League and Cup honours speak for themselves but aligned to this a great deal of work went on behind the scenes to match the on-field success. The club now boasts one of the best clubhouse and ground facilities in the Mid-Bedfordshire area. The success of the club has also attracted many new players as well as commanding a great deal of loyalty from those players who helped the club progress from Division Three of the Bedford and District League to County Senior Club status in just 15 years.

The 1995/96 season was the most successful in

the club's history - winning five major honours; the Beds Intermediate County Cup, Bedford and District League Championship, League Cup Championship and as the League's representatives the club won the Beds. FA Centenary Cup. Having won every major Bedford League honour the club felt it was time to move on and made the decision to make the step up once again and returned to Division One of the SML. In an exceptionally successful first season we celebrated a Division One "double" by winning the Championship and the Division One Cup. We also retained the Beds. FA Intermediate County Cup, only the second club in the competition's history to achieve this feat. To crown our success the club were awarded the SML Special Achievement Trophy in July 1997.

In the season 1997/98 we finally achieved Senior status. This was achieved not only through the endeavours of the players on the field but ultimately as a result of an extremely hard working committee. With the help of the Biggleswade Town Council a new stand was erected and perimeter fencing installed. And two seasons later the club erected floodlights and on the evening of 26th October 1999 we played our first-ever floodlit game at Second Meadow, Ryman League side Leighton Town were the visitors in the Bedfordshire Premier Cup.

The next eleven years saw the first team led by Steve "Snowy" Wright and under his management the club continued to enjoy a very high level of League and Cup success ultimately achieving promotion to the Molten Spartan South Midlands

League Premier Division and with it the opportunity to compete in the FA Cup. And under Snowy the club made three Beds FA Senior Challenge Cup final appearances, winning two of the three with victories over Stotfold (4-1) and Leighton Town (1-0) but missed out in 2006/07 going down 2-0 to Dunstable Town. Snowy's other cup successes came in the form of the Hunts Premier Cup, North Beds Charity Cup, Hinchingsbrooke Cup, the SML Division One Cup and the SML Special Achievement Award once again. The end of the 2006 2007 saw Snowy step down as manager with his assistant, Nick Burton taking over the first team reins. January 5th 2009 saw the club embark on further ambitious ground improvements. With financial backing from Biggleswade Town Council, Mid Beds District Council and the Football Foundation we installed a 260-seater stand, fully enclosed the ground with a double turnstile entrance and players' secure walkway which raised the ground to Grade E status. After several years of stability in terms of first team managers the next six years saw a regular turnover of first team and reserve team managers with Nick Burton, Dave Elkin and Phil Childs all taking over the first team reins for a time.

At the start of the 2013 2014 season we appointed Mick Reardon and Mark Royal as first team managers both of whom had enjoyed success as coaches at the higher levels of football. Their disciplined approach was quickly adhered to and responded to by the players and under their stewardship we achieved the highest Premier Division position in nine years and first silverware in seven years winning the North Beds Charity Cup for the first time in the club's history.

In November 2014 the club took a further positive step to realise our ambitions with the appointment of Sky Sports Presenter and renowned author, Guillem Balague as Biggleswade United's Director of Football. Following Mick and Mark's decision to step down at the end 2014 2015, Guillem was quick to act and recruited a new Head Coach in Cristian Colas Beccera. Cristian was assisted by former professional player, Stuart Bimson, and under their guidance the team finished in eighth spot in the Premier Division in 2017 2018 - the highest position in the club's history. Having built a strong reputation for their outstanding coaching ability and playing philosophy Cristian

and Stuart moved up to Step 3 level club, Staines Town, for the start of the 2018 2019 season. Guillem was again in search for a high quality coach and Jimmy Martin came highly recommended by his predecessor, Colas, who worked with Jimmy at Stevenage FC Academy. Jimmy was appointed Manager in May 2018 but he tendered his resignation in October 2018 having been offered a "hard to refuse" opportunity to take up a coaching role at Premier Division club Watford. Despite the setback the first team went on to record their highest ever League placing – a fourth spot in the Premier Division.

In the season 2019 2020 the club were sitting in a highly commendable third position in the Premier Division and under the management of Chris Devane and Trishnan Patel were hoping for a promotion play off opportunity. However, in March 2020 the season was declared Null and Void by the FA after the devastating outbreak of the Coronavirus. The club were also to learn that Chris and Trishnan had accepted the offer to work at Step 4 and departed the club at short notice. Fortunately the club were able to call upon the services of former Head Coach Cristian Colas. Cristian took the club to its highest ever position in the club's history at the curtailment of the 20/21 season leaving us second in the table on PPG. The club applied for promotion to Step 4 but were unsuccessful. A double whammy came when the club were subjected to a lateral move to the UHlsport United Counties League. After ten years of steady progress at Step 5 the club now face a challenging period that will require steadfastness and perseverance as we work to rebuild a squad that will once again be challenging for promotion. The club has certainly come a long way in relatively few years but we could not have done it without the help of a very supportive Town and District Council who clearly understand the benefits of having a community based club in Biggleswade. Our success is also very much down to a very hard working committee who throughout the year - not just the football season - continue to volunteer their time and commitment to the club, to help it continue to thrive and be a source of enjoyment for our supporters and the Biggleswade community.

OUR OPPONENTS

In January 1885 Luton Wanderers changed their name to "Luton Town" at a secret meeting of their committee. Although a "Town" club was needed, the secret manner in which it was achieved was frowned upon. John Charles Lomax and George Deacon arranged a public meeting at the Town Hall for the 11th April 1885 to form a "Town" Club by democratic means. This was opposed by the instigators of the secret January meeting who said there was already a "Town" club and there could not be two. The tense meeting at the Town Hall, attended by most local football lovers, heard from many speakers. The overwhelming majority voted down the secretly formed club and for the creation of the Luton Town we know today.

Early games consisted of friendlies, but a strong committee pushed behind the scenes and took the foresighted decision to pay three players in 1890, the first club in the south to do so.

Founder member of the Southern League in 1894 the Town finished runners-up to Millwall in each of the first two seasons but the ambitious club wanted more and made a bid for election to the Football League. Their initial proposition failed and a season had to be spent in the United League before they were accepted into Football League Division Two in 1897.

Unfortunately after three years of increasing struggle, in a predominantly northern based league, the club took the brave decision to rejoin a, now much stronger, Southern League which eventually formed a new Division Three of the Football League in 1920.

By the mid-1930's, such was the growth in population in Luton and surrounding area, that the Board of the club felt that they could afford to push the

boat out and spend some money on the side, safe in the knowledge that spectator support would be forthcoming.

With this decision taken, great changes were made within the club and players that would normally have been outside their reach were taken on and, as predicted, the crowds increased rapidly. Promotion to Division Two was narrowly missed in 1936 but the team made no mistake the following season when they won the Division Three championship on the back of a superb home record and the 55 goals of Joe Payne.

Further promotion in 1955, buoyed by the goals of record goalscorer Gordon Turner and the versatile talents of Bob Morton, saw the Hatters in the top flight for five seasons which included a trip to Wembley in the 1959 F A Cup final. Sadly, this prefaced a slump which saw the team drop to Division Four by 1965 but they then bounced back to enjoy ten years at the top after winning the championship of the old Division Two in style in 1982, aided by players such as Ricky Hill, Brian Stein and Mal Donaghy under the managership of David Pleat.

April 24th 1988 will forever go down as a red letter day for all Luton supporters as the Town won the first major trophy in their long history with Brian Stein sweeping home a last minute winner as mighty Arsenal were beaten 3-2 in the Littlewoods Cup final.

An artificial surface laid at Kenilworth Road in 1985 was ripped up six years later just as the club was about to be relegated from Division One and the riches of the Premier League, which the Hatters were founder members of but unable to compete in, commenced.

Since that time the club has enjoyed F.A.Cup semi-finals and promotion to the Championship but on the other side of the coin a draconian points deduction saw the club cruelly relegated from the Football League in 2009 and despite valiant attempts to return it proved more difficult to regain past glories than originally anticipated. In 2014, however, after five years away, the team won promotion back to the Football League in glorious fashion.

Since returning to the Football League the Hatters have made strong attempts to achieve further promotions which finally led to a highly successful 2017/18 campaign when the team finished runners-up to Accrington. This was followed by a scintillating 2018/19 season when the championship of League One was achieved and with it Championship football for the first time since 2007.

COACH CHAT

Cristian Colas – Men's Head Coach

Thank you everyone for the support, in the good days and bad days. It was amazing to see the Keech Hospice Care Stadium so busy during the last home game. This is the first time the club has got this far in the FA Vase, so I can have only good words for each one of the players as they made history for the club and the volunteers, that had a really busy couple of weeks and did a great job as always.

We now have to re-focus as we still have three competitions left. We've shown ourselves we can fight for all three of them so that's what we have to now do. Come on United!

LEAGUE HISTORY

The League is relatively young compared to other's being formed in 1922 as the Bedfordshire County League. With new clubs keen to join from outside the County it was decided in 1929 to change the name to the South Midlands League. The League continued to consolidate and strengthen over the ensuing 70 years or so providing quality football for many teams over a large area of the South Midlands.

In 1997 it became apparent that the London Spartan League, which was very much to the South of the League's geographical footprint, was struggling administratively and, with the full support of the Football Association, the decision was taken to merge the two competitions with the new League

being known as the Spartan South Midlands League. The League now covers a wide area from North London in the South to Milton Keynes in the North and from Ware in the East to Aylesbury in the West.

The League is part of the FA's National League System (NLS) and comprises of three Divisions; Premier at Step 5 of the NLS, Division One at Step 6 and Division Two at Step 7.

The League has a proud record of promoting clubs to Step 4 of the NLS and has also provided 4 FA Vase Finalists including two winners in Arlesey Town and Hoddesdon Town FC.

WE'RE BACKING PLAY SAFE

Biggleswade United is lending its full support to Play Safe – a national FA-led campaign to raise awareness of the importance of safeguarding in football.

Play Safe is being run in partnership with the NSPCC and has the full backing of the Premier League, EFL, Barclays FA Women's Super League and the FA Women's Championship. It's also supported and being run across every other level of the game.

The main element of Play Safe is a series of short films which emphasise the importance of clubs such as ours having safeguarding as an everyday reality. The films also explain to parents/carers and children themselves know what to do if they feel unsafe or worried, because nothing matters more than making sure football is safe for everyone, especially children and young people. You can see these films on our club website and we've also broadcast them on our social media channels.

"As a youth team coach, I will be working with my club to ensure we support the Play Safe messaging," says FA Chief Executive Mark Bullingham. "I am also pleased that the campaign has the support of the former footballers with lived experience of abuse in football, who are on our Survivor Support and Safeguarding Advisory Group. The Group has collectively said:

"Learning from the past is crucial, so that we can prevent the horrific experiences that happened to us and so many others in football, from happening again.

"As a group of survivors, we fully support the ethos and important messages that Play Safe conveys – whether to club officials, parents/carers and or vitally, children and young people themselves. Equally important is that Play Safe is not a one-off campaign – it will be used at key points in the football calendar to remind everyone in football, that children's welfare and keeping them safe, should be at the heart of all that we do."

As the Survivor Group points out, you'll see Play Safe appearing at various points throughout the season to keep safeguarding front of mind in football. Together, we want to do everything we can so everyone – particularly children and young people – has a consistently positive experience of our great game.

Biggleswade United have appointed Tracey James as the club's Child Welfare Officer. Tracey's contact details are tracey.james58@btinternet.com or telephone 07714 661827.
